

INFORMATION ABOUT PET & HOME PORTRAITS

I print from high-quality photographs in acrylic or watercolor. Some subjects also lend themselves to collage and some look great in colored pencil. You may know exactly what media you would like or I can give suggestions for the best choice depending on your needs.

- Please allow 4 weeks. If I see a time issue because of my schedule, I will let you know. The farther in advance we begin, the happier is the artist!
- A good-faith 20% deposit is requested but not required earlier than 4 weeks ahead.
- Please indicate if you have a special wish for **realistic** or **playful**. Otherwise, I will pick the style I think works best with the subject.

The prices below are based on average needs. We can negotiate if you have special requirements (time constraints, more than one subject, unusual size.)
